Moss flows down a rock cut on West Fork River Trail north of the new bridge on West Fork River Trail north of Shinnston

The small creek washed out the culverts under the Ralph LaRue West Fork River Rail-Trail at least twice, so this time Marion County Parks and Recreation built a bridge and the rail-trail is again open from south Fairmont to Shinnston. Most of this rail-trail, in Marion County, has been paved. The bridge is located about two miles north of Shinnston in the gravel section in Harrison Count.

TWO BIG RACING EVENTS occurred in our area in early April.

The Morgantown Road Race, presented by J. R. Petsko's Appalachian Bicycle Racing Association attracted about 245 participants to Mt. Morris and southwestern Pennsylvania for a great day of racing on April 3rd. Then, the next weekend, thanks to the efforts of Ryan Post and the WVU Cycling Team and local sponsors, downtown Clarksburg was the scene of an **Atlantic Collegiate Cycling Conference meet** criterium on Saturday and southern Harrison County saw a road race the next day. No, the "home team" didn't win; it is the mountain biking championships they have won ten years in a row, but they all put on a good show on another beautiful day for cycling. Thanks to both of them and all who came out to help, including several other Country Roads Cyclists.

BICYCLING in the MORGANTOWN AREA

2010

COUNTRY ROADS CYCLISTS is the formally organized club serving the interests of bicyclists in north-central West Virginia. We promote the fun of bicycling through group rides, social events, cycling advocacy, dissemination of safety and skills information and good news about area riding opportunities. The APPALACHIAN SPRING SPECTACULAR is the largest of several public cycling events we sponsor.

We welcome adult cyclists and their families, road riders and mountain bikers, beginners, old pros, casual or ambitious, for congenial bicycling activities including picnics, parties and rides ranging from ten to 100 miles and multi-day tours on road and rail-trails throughout the region. Scheduled rides start in early March and extend through October. We belong to the League of American Bicyclists, the International Mountain Bike Association and several rail-trail advocacy groups. Members receive our newsletter, published about five times a year, featuring our ride schedule as well as Club and area news. A Club e-mail forum has breaking news and spontaneous activities. Check out our Club web site, <http://www.crcyclists.org> JOIN US TODAY!

The MONONGALIA BICYCLE CLUB is the informally organized Morgantown club which operates through word of mouth among friends and e-mail exchanges on their Google group web site. In addition to regular Sunday morning rides from the County Courthouse in downtown Morgantown, they have frequent road, rail-trail and mountain bike rides almost anytime two or more agree on-line to get together for camaraderie, riding and mellow post-ride reflections. Some ride long and hard, others take it easy, but all are pleased to slow down to ride awhile with newcomers. JOIN at: <http://groups.google.com/group/monbikeclub>

MON RIVER TRAILS CONSERVANCY was organized in 1991 to obtain and develop the 51 mile, three county rail-trail system that is now enjoyed by so many cyclists, walkers, runners, and others extending across Monongalia County, south into Marion County and east into Preston County. For further information, maps, membership and meetings, see: <http://www.montrails.org>

POSITIVE SPIN began in 2005 with the purpose of inspiring the Morgantown community to develop transportation that respects its natural environment without sacrificing mobility. Almost immediately, Hurricane Katrina gave them a wider vision and they collected, repaired and delivered more than 200 bikes to the Gulf area, even as they fixed and distributed another 50 Christmas bikes to Morgantown area charities. Positive Spin continues to promote cycling facilities and opportunities for youth and adults. See: <http://www.positivespin.org>

WVU CYCLING CLUB sponsors a student team that competes in the Atlantic Coast Collegiate Cycling Conference, winning the mountain biking championship ten consecutive years while vigorously contending for road titles. The Club is organized and run by students and includes racers, friends and fans. see: <http://www.wvucycling.com>, or attend a regular meeting every Wednesday at 7:30 p.m. in the Mountainlair.
