EXPLORING NORTHWEST NEW YORK

Don and Jeanette invite CRC members to bike the roads between the Erie Canal and Lake Ontario with them. We will **drive up** on Sunday **September 14th**, begin 5 days of biking on Monday the 15th, and drive home on Saturday the 20th. Planned are day-rides, of no more than 40 miles, from lodging in three New York towns: 1) 9/14&15 Brockport, Econolodge (585-637-3157), 2) 9/16&17 Albion, Dollinger's Motor Inn (585-589-6308), 3) 9/18&19 Lockport, Lockport Inn (716-434-5595). Although most of our routes have not been explored, past drives through this area have found nothing but great, although remote, biking roads -- gently rolling terrain through farm country. Each day, based on what we find, we will likely amend the route. Since the greatest challenge will be finding mid-day dining, carrying

emergency food would be wise - cell phones also. We may elect to do some short rides along the Erie Canal. Call Don or Jeanette (304-599-9258) for additional information.

The COUNTRY ROADS CYCLISTS SEPTEMBER CENTURY RETURNS

We return to a downtown Salem start Sunday, **September 21 at 8:00 a.m.**, riding to Barista's in New Martinsville for lunch. We will have the usual snack stop each way in Shirley, all our century friends, and sag support. If you want to try a 100 mile ride, this is a good one, with encouraging friends and fewer hills than most of West Virginia. If 60 miles sounds like enough for you, meet us in Salem for directions, then drive to our snack stop at Shirley.

OFFICERS MET

Club officers conduct most of our business except for actions taken at our annual fall business meeting. Members are invited to submit ideas and proposals to any officer for consideration at our next meeting. Club officers meet about monthly to review correspondence, membership and financial data, activities past and planned, and other items of interest or obligation.

At our August 4 Clarksburg meeting the secretary/treasurer reported 130 members and a balance of \$1,549.58. Corrections to previous reports were noted. Two non-CRC events were discussed: the J. Cecil Jarvis Memorial Triathlon at Maple Lake July 26 went well with several members participating and several working on the event, and Max's Challenge in Morgantown August 16 also has several members working on the event.

Plans for the Rowlesburg Festival rides August 31 and the September Century September 21 were further developed and it was agreed to invite Fairmont Flyers to both events. Plans for the Annual meeting were also developed for October 25. It was noted that President Williams and Secretary/Treasurer Foster had been certified through Frank Gmeindl's LAB Road I course.

FALL COLOR WEEKEND

Saturday, October 11 thru Monday, October 13

Who wants to work on Columbus Day? This has been a favorite region for fall cycling touring for many years. Now we are offering easier day rides from Petersburg, returning each night to the Fort Hill Motel 304-257-4717, www.forthillmotel.com (make your own reservations and let Laurel know your plans.) Participants decide where to go each day, with moderate distances (25-50 miles) and a relaxed pace through colorful, long scenic eastern valleys of branches of the Potomac River. Favorite routes may include Greenland Gap, Patterson Creek, the Trough and Seneca Rocks.

MAX'S CHALLENGE

"It is an uphill struggle to get folks to think of bikes as transportation." So evolved a young boy's desire to be able to deal with the hills and traffic of Morgantown into a message from adults in the cycling community, including several Country Roads Cyclists who offered their support and assistance during the summer, culminating in a ride of more than thirty adults and ten children from Seneca Center on Beechurst Avenue on August 16, up Monongahela Avenue and down to Star City for a return on the Caperton Rail Trail. Sponsored by Positive Spin, with police support and media there, the event was well attended and widely noticed.

Both also finished third in their categories in the Barbour DeTour July 4th in Philippi, with the same time as cat 1/2/3 winner Joe Ruggery and second Gunnar Shogren, and McCammon three seconds behind winner Jay Downs.

ROWLESBURG, WEST VIRGINIA
MOUNTAIN ROADS TOURING FESTIVAL

August 31st was a perfect day, an almost cool morning, bright sun and clear blue skies, ideal for riding shady valleys and ridges with grand vistas. Twenty nine cyclists participated, including 13 guests and 16 members: Don & Jeanette, Mark, Don, Terry, Frank, Kyle, Mike, Ray & Susan, David, George, Jim & Sandy, Kelly and Tim. Bill drove sag and prepared the snack stop table in St. George. Elvis, a grilled chicken dinner and B&O Museum RR bridges were only some of the worthwhile post ride options.

THE PARSONS TO THOMAS RAIL TRAIL

It had rained heavily the day before, and another storm delayed the start of our August 2 ride up the undeveloped rail-trail, so we had to expect some water. Of course, the paved two miles to Hedricks was just fine and the next few miles as an unused gravel road was okay, though rough and with puddles as you might expect, but the major stretch which is completely undeveloped due to split ownership between the National Forest and a lumber company which wants to use it as a haul road, was mostly a water trail.

The six cyclists who decided to go beyond the safe environment of our many fine, smooth rail-trails, found raging torrents coming down from the mountain where usually there were delightfully delicate waterfalls. Green, green, green was the color of the day and a clear stream ran down about half the trail, cleaning the ballast and grasses and weeds and also cleaning the tires, rims and occasionally pedals and shoes of the six triathletes. (as in bike, hike and swim) Although the group stayed fairly close for about 10 of the 15 mile trek up, Ly, Charlie and Bill finished slowly, so that by the time they rolled in to Thomas and the Purple Fiddle, Gary, Roy and Chris had finished lunch and were ready to start back down the trail.

When the slower threesome finished lunch, they decided Bill should go by the highway to get his van and come back and get the other two too tired adventurers. It wasn't until he got to the parking lot that he realized he'd given Ly the van keys.... and forgotten to get them back.

Oh-h-h-h-h,
No-o-o-o !

Mr. Bill !

With great good fortune, Ly and Charlie hitched a ride back to Parsons, bikes and all, and for karma, they helped a couple get gas near Buckhannon where they'd run out. Roy and Chris sent in their dues the next week and Gary came to Bill's next ride, so all's well that ends well !
